End of Year Assessments

AT this time of year, all of our classes are gearing up for their end of year assessments. These are especially important for Reception, Year 1, Year 2 and Year 6 classes.

Parents can help by ensuring children are in a good routine, with early nights and a good breakfast before school. Good attendance is always important, however, absences during this period can be very disruptive. Let's avoid them if we can.

Teachers have done a great job of preparing children for the tests so they should feel confident and look forward to showing off what they can do!

Walk to School Week is 14-18 May 2018.

Join thousands of children across the country celebrating the benefits walking brings.

We know that walking to school makes children feel healthier and happier, while reducing congestion and pollution outside the school gates. Yet less than half of primary school children currently walk to school. We'd love to see even more of our children walking (or riding) to school. More details to follow next week...

We want to reverse this decline and see every child that can, walk to school.

Smartly Does it...

The way we present ourselves says a lot about us as individuals and us as a school. We dress smartly for school and we really appreciate the care that children and families take in our uniform. Children should come to school with natural coloured hair, not dyed. As summer approaches, let's save creative (and colourful) haircuts for the holiday and keep our hairstyles suitable and sensible for school.
