Hola!

Governor Election

We have vacancies for two parent governors and we're very keen to invite interested parents to join us. Our governors are very important people and work together to improve our school so that every child gets the experiences they need to set them up for life. Governors are a critical friend who support, and importantly, **challenge** our school leaders, celebrating our achievements, but also holding us to account when things should be better.

Parent governors are elected democratically by our school community and serve for a period of four years. They attend up to three meetings every term and are invited to spend time in school, getting to know how we work.

This is a very rewarding role and we feel it's crucial to help us to achieve our vision to 'be the best that we can be'.

Please look for further information being sent home today and please give it your full consideration. If you need any more information, please just ask and we'll do our best to help. Thank you.
